

**This is what**

a prominent physician says: "I have given my own children the benefit of very careful study in the matter of absolute cleanliness in bottle feeding. I have studied the so-called easily-cleaned nursing bottles, and I long ago came to the conclusion that a little Pearline would render ordinary nursing bottles the safest utensils of them all. I firmly believe that children properly fed and cleanly fed will avoid the majority of difficulties which they encounter during the first two years of life. I believe that if every feeding bottle was washed with Pearline, many innocent lives would be saved."

Surely, this is a matter to interest every mother. Nothing so thoroughly cleanses as Pearline.
